

Participant Code of Conduct

At UWC Atlantic Experience we do our very best to make sure everyone taking part in our activities has the best time possible and gets the most out of it!

We do everything we can to:

- Keep you safe
- Be professional and respectful to everyone
- Recognise the needs of our groups and individuals
- Be as flexible as possible
- Be fun and enthusiastic
- Provide top quality kit
- Be friendly and approachable
- Be experts in the activities we provide
- Respect the environment and minimise our effects
- Encourage you to reach your full potential

What we expect in return from any participants is that you:

- Not to be under the influence of alcohol or any intoxicating substances, or severely hungover! We will be unable to accept you onto the activity if you are.
- No smoking is permitted
- Respect the equipment that we give you; we pride ourselves in providing you with good kit, so please look after it. If you damage/lose kit through lack of care you agree to pay for the loss
- Respect any sites we visit, do not litter, graffiti, disturb nature or cause any damage or pollution.
- Understand that we have no control over the weather, but we do have control over safety, and if the two things won't agree we cannot promise that the planned activity will go ahead, we may be able to change to another activity as similar as possible and equally as fun or rearrange the date.
- By joining us on any activity you consent to allow any emergency first aid treatment as appropriate
- Appreciate that our instructors are trained, experienced and qualified, they will have an awareness of things that you might never have considered, and thus they must be respected, their instructions followed, and you must understand that their decision is always final
